Transportation to Islands Is Viola tion of Federal Law to Prevent Disease.

When the auxiliary cruiser Rainbow arrived in Henolulu direct from Manila August 13, the vessel and two dogs College of Prelates Will Elect Suc-

It is a direct violation of federal law for the master of a vessel to bring any warm-blooded animal from the Philippines to any American port. The law has been held to forbid the transportation of cathle, horses, doukeys, mules, buffale, sheep, dogs, eats, spes, chickens or other domestic pourtry and game birds, in a word all warm-blooded, wild or demestic animals. The only exceptions that have ever been made to this law in the thirteen years that it has been effective bare been to permit the lawding of one parrot and a few cages of causaries. It is a direct violation of federal law

Kept Dogs Six Days,

Nevertheless the officers of the Rain-bow had two dogs aboard and retained the animals for six days after entering Honolulu harbor, against the protest of the territorial quarantine ufficer Dr. Victor A. Norgand. Acting nucleo Dr. Victor A. Norganed. Acting under the instructions of the board of agricul-ture and forestry a cablegram was fin-ally prepared for transmission to the secretary of agriculture. Washington, D. C., notifying him of this infringe-ment of law and requesting him to place the uniter before the secretary of place the matter before the secretary of the says. However, rather thus have this done the officers on the Rainbow surrendered the dogs to Dr. Norgaard, who took the animals up to the police station where they were placed in the gas tanks and usphyxiated.

The taw of December 18, 1901, prohibits the landing of any warm-blooded animal originating in the Philippanes at any American part, and further for-

who teek the animals up to the police station where they were placed in the gas tanks and usphyxiated.

The law of December 18, 1901, probibits the landing of any warm-blooded animal originating in the Philippmes at any American port, and further forbids the master or owner of any vesset from transporting such animals. This from transporting such animals. This regulation is based on the fundamental law of May 29, 1884, under which the Bureau of Animal Industry of the United States Department of Agriculture is given police powers to control suissal diseases and prevent their importation and dissemination, for the protection of the live-stock industry of the United

The particular diseases which this law aims to keep out of the mainland and Hawnii are surra and rinderpest.

Common to Animais.

cattle extend from equatorial Africa in Rome, through India, the Maray States, Smin, When through India, the Maray States, Smin, When Pope Lee XIII., the predecessor of Pins X., died in 1993, the solemn

a foothold Surra is extremely Intal to all demestic animals.
Surra is caused by a minute blood-parasite. The disease is transmitted from arck animals to well ones by the agency of the stable fly and certain species of night mosquitoes. So far as the scientists have been able to determine it is only capable of being transmitted in this way.

mitted in this way.

Hence, maintaining dogs direct from Manila on a vessel in this port for six days constituted a potential memore to the whole live-stock industry of this Territory: If Surra were to obtain a foot-hold in Hawali it would thuse a loss of hundreds of thousands of dot for no species of domestic ani-

mal is immune, The blood-parasite, Trypsunoma, that causes Surra, is a close relative of the dreaded Tectae disease of domestic cat tle and wild game is Central Africa. The blood parasite which causes the "sleeping sickness" among many of the African equatorial tribus is also a

#### Тгурканота. Caused Heavy Losses.

Surra was accidentally introduced into West Australia two years ago and it cost the government over a million nollars to stamp it out. Last year a Texan cattleman imported a herd of 250 Brahmin cattle from India to cross with the native stock in an effort to produce a breed of beef animals im-States government intercepted this ship-ment at New York, unde bleed tests of each individual animal, and slaughtered over two thirds of the herd. Th remainder of this importation is still being kept in quarantine under obser-

Ninety per cent of all warm-blooded animals in the Oriental tropies have the trpsanoma parasites present in their

### Occurs In Cycles.

The disease has eyeles of recurrence. That is to say, there are times when the disease is peculiarly virolent and becomes epidemic. The wide preva-lence of Surra, among horses, donkeys and entile in the Philippines is the factor which has proved an almost insur-mountable obtacle to the importation of breeding stock for the improvement

of the native herds.

The native cattle, horses and donkeys nny have the surra parasite in their blood and may yet have acquired resis-tance to the disease. Animals brought in from cold constries are immediately susceptible to innoculation and soon succumb; It is quite likely that Surra would be readily controlled in cold countries, but if it were introduced into linwaii it would sweep the Islands and

#### ENTERPRISE TO BE PUT ON TRIANGULAR ROUTE

Owing to the increased freight business of the Matson Navigation Commay between Seattle and Honolulu and be discontinuance of the American Hawaiian line's service between the Northwest and this port, it has been decided to take the steamer Enterprise off the Hilo San Francisco run and put her on the triangular run between Ho-nolulu, San Francisco and Seattle. The Enterprise will make her initial trip on this run September 3. With this addi-tional steamer the fleet in the trimegular run of the Matson Navigation Company will consist of the Hilonian, Hyades and Enterprise.

Discontinue Lighterage System -Granted Preference Rights at New Wharf and Half Rates-Suggest Pearl Harbor for Ref. ugee Ships.

The American-Hawaiian Steamship Company will see the new Hilo wharf and discontinue the lighterage of treight at that port, just as soon as permission is granted by the home of-

G. P. Morse, local agent for the co-pany, cabled the New York office the company yesterday. As soon as receives a favorable reply the vessels of the American-Hawaiian augar fleet will moor at the wharf and use the Hilo Railroad Company's facilities for landing and lading freight.

Get Preference.

A special meeting of the board of hartor commissioners was held yesterday
morning to consider a request filed
with the board by agent C. P. Morse,
that preferential rights be given the
American-Hawaiian vessels now untering the port of Hilo on the regular
eight-day schedele, to the une of the
outer berth at the Kuhio Bay wharf.
Request was also made that until the
new wharf-shed is completed the company be granted hulf-rates for-wharf-

Commissioner Frank B. McStocker then introduced three resolutions all of which were unanimously adopted by the beard. The first motion was that the new Kuhio Bay wharf shall be edicially designated "Pier Number One, Hito Harbor." The second motion specified that the outer 100 feet of pier No. One, Hito Harbor, shall be designated as Berth No. 1, the second 500 foot section, Berth No. 2, and the balance of the shore end of the pier, Berth No. 3. The third metion was that the American Hawaiian steamers sailing ea regular schedule shall have preferential rights to the use of Berth No. 1, Pier No. 1, during the time they are in the port of Hilo, this preferential right to apply to vessels carrying sugar and general cargues but not to lumber carriers.

Col. C. J. McCarthy then entered a motion, which was adopted, thut so long on there is no wharf shed on Pier No. one, lille, the board's charge for wharf age shall be only one-half the usual rate. One-Half Bates.

of Pier No. 8, the other the manks side of Pier No. 16. Harbornuster Wm. E. Foster was directed to notify H. Hackfeld & Co., agents for the owners of the Pommers that as there is no spare berthage for that vessel in Hanolulu harbor a request will be achiressed to Admiral C. B. T. Moore, commandant of the Naval Station, asking that refugee ships of foreign nations be permitted to interne at Pearl Harbor. Pearl Harbor.
